PROFESSIONAL EXPERIENCE

Sr. Engineering Project Manager | Persist Ventures | Los Angeles, CA, USA (Remote) | November 2024 – Present | Full-time

- Manage 40+ in-house, Web3, and client projects across AI, automation, media, tools, social platforms, and robotics.
- Develop project roadmaps and lead end-to-end delivery across planning, resource allocation, execution, QA, and risk mitigation using Agile and Scrum practices.
- Recruit and onboard engineering and design talent; mentor cross-functional teams and align execution with project goals.
- Translate stakeholder and business requirements into actionable deliverables while using AI and automation to streamline workflows and accelerate delivery.

Digital Project Manager | GSK (GlaxoSmithKline PLC) | Andheri East, Mumbai, India | February 2023 – December 2024 | Full-time | HK Shift

- Led web development and digital marketing projects for global brands including Nucala, Arexvy, and Shingrix across web, email marketing, e-details, and video.
- Improved project timelines by 100% and strengthened content accuracy through enhanced quality-control processes.
- Managed sprint planning using Scrum, Kanban, and Agile methodologies in JIRA; coordinated 1:1 and mass email campaigns using Salesforce.
- Managed digital assets and approval workflows through Veeva Vault PromoMats and Workfront, reducing approval time by 35% through improved tracking and quality reviews.

Operations Manager | Teleperformance Global Services Pvt Ltd | Thane, Maharashtra, India | August 2021 – January 2023 | Full-time | US shift

- Led and mentored teams supporting the SIRVA relocation operations process, improving operational efficiency by 57% and reducing errors by 87%.
- Implemented process-improvement initiatives and managed operations support executives, data operations executives, and a team coach.

Customer Support Officer | Lester Infoservices Pvt Ltd | Turbhe, Maharashtra, India | December 2019 – July 2021 | Full-time | US shift

- Delivered multi-channel customer support, resolved complex customer and technical issues, and collaborated across teams to drive effective resolutions.

PRODUCT & TECHNICAL INTERNSHIPS

Product Development Intern | Healtether Healthcare Pvt Ltd | Sep 2024 – Dec 2024

- Supported AI-powered healthcare product development; collaborated with engineering, design, and marketing; analyzed user feedback; drafted PRDs/specifications; and managed the product backlog.

Product Management Intern | Geekster (Quantumbit Technologies Pvt Ltd) | Jul 2023 – Mar 2024

- Contributed to product strategy, requirements gathering, feature prioritization, market research, competitive analysis, product specifications, backlog management, and technical testing.

Data Science Intern | Access Million | Sep 2022 – Jan 2023

- Performed data cleaning, preprocessing, ML model development, project scoping, insight extraction, and data-pipeline work.

User Engagement Intern | WhiteHat Jr. | Dec 2021 – Feb 2022

- Researched user engagement, managed social media, analyzed feedback, developed personas, and reported metrics to stakeholders.

Full Stack Web Developer Intern | DevTown | Aug 2021 – Nov 2021

- Built MERN-based edtech tools, integrated LMS capabilities, supported accessibility, conducted code reviews, and created user-focused features.

EDUCATION

Cohort 3.0 Program | Sheryian's Coding School | June 2026 - Current

Product Management Nanodegree Program | Eshan College of Engineering / Jobaaj Learnings | April 2026 | Distance Learning (Online)

Bachelor of Engineering (B.E.) – Computer Engineering | MGM College of Engineering & Technology, University of Mumbai | May 2022

CERTIFICATIONS

IBM Product Management Professional Certification | IBM AI Product Management Professional Certification | Product Management Certification – Internshala / NSDC | Programming with Python – Internshala / NSDC | Lean Project Management (LeanPM®) Yellow Belt | Lean Fundamentals | Management Consulting Professional Certification – Emory University | HackerRank Software Engineer Certified | ICTRD Certified Digital Marketing Expert | ICTRD Premiership in Business Management

ACHIEVEMENTS

- Solved 300+ DSA/coding questions on HackerRank and 300+ DSA/SQL/OOP questions on LeetCode.
